Brenda:

Let me know if you are able to get my polreps off the epaosc.org site. Here is my last polrep with disposal information. Let me know if this is what you are looking for.

Thanks

Subject: CES Environmental Services

Gary:

In the last site update (attached), there were a few items remaining to be completed.

Items that Remain to be completed by EPA (06/04/15):

1. Dispose of Containerized Wastes:
 - Frac Tanks (20,000 gallons Liquids): FT1001
 - Roll-Off Box (20 yds Soil): OT25480
 - Roll-Off Box (20 yds PPE/Hose): OT25134
 - Vac Box (3300 gallons Sludge): VB25229
 - Drum (55 gallons Sludge): Returned Sludge from FT1004 cleaning (est. 2 Drums)

I know they were completed but I'm not sure of the disposal. Are these volumes included in the Summary of Waste Disposed by EPA/TCEQ table in the memorandum? If not, could someone provide the waste classification (hazardous, non-hazardous, Class 1, Class 2) and disposal method (incineration, landfill, etc) so I can include this waste in a summary table.

Thanks

Brenda
